Masters Tournament

The 2021 Masters Tournament is the 85th edition of the Masters Tournament and the first of the men's four major golf championships to be held in 2021. It is being held from April 8–11 at Augusta National Golf Club in Augusta, Georgia.

Participation in the Masters Tournament is by invitation only, and the tournament has the smallest field of the major championships. There are a number of criteria by which invites are awarded, including all past winners, recent major champions, leading finishers in the previous years' majors, leading players on the PGA Tour in the previous season, winners of full-point tournaments on the PGA Tour during the previous 12 months, leading players in the Official World Golf Ranking and several leading amateurs. By the end of 2020, 84 players had earned an invitation based on these criteria and were expected to compete.

Golf The modern game of golf originated in 15th century Scotland. The 18-hole round was created at the Old Course at St Andrews in 1764.

Golf's first major, and the world's oldest tournament in existence, is the **Open Championship**, also known as the **British Open**, which was first played in 1860 at the Prestwick Golf Club in Ayrshire, Scotland.

This is one of the four major championships in men's professional golf, the other three being played in the United States: **The Masters**, the **U.S. Open**, and the **PGA Championship**.

The first 18-hole golf course in the United States was on a sheep farm in Downers Grove, Illinois, in 1892. The course is still there today.
