Hanukkah (Chanukah or Hanukkah) is a Jewish festival commemorating the rededication of the Second Temple in Jerusalem. It is also known as the Festival of Lights.

Hanukkah is observed for eight nights and days, starting on the 25th day of Kislev according to the Hebrew calendar, which may occur at any time from late November to late December in the Gregorian calendar. The festival is observed by lighting the candles of a candelabrum with nine branches, called a menorah (or hanukkiah). One branch is typically placed above or below the others and its candle is used to light the other eight candles. When Judas Maccabeus entered the Second Temple of Jerusalem, he found only a small jar of oil that had not been defiled by Antiochus IV Epiphanes. The jar contained only enough oil to burn for one day, but miraculously the oil burned for eight days until new consecrated oil could be found, establishing the precedent that the festival should last eight days. This year it is observed from Sunset, 28 November –nightfall, 6 December.

Alice's Adventures in Wonderland (more commonly known as **Alice in Wonderland**) is an English children's novel by Lewis Carroll (real name - Charles Lutwidge Dodgson) was first published on 26 November 1865. One of the best-known works of Victorian English fiction, its narrative, structure, characters and imagery have had huge influence on popular culture and literature, especially in the fantasy genre. The book has never been out of print and has been translated into at least 97 languages

Another related story "Through the Looking Glass" is a novel published on 27 December 1871 by Lewis Carroll and the sequel to Alice's Adventures in Wonderland (1865). Alice again enters a fantastical world, this time by climbing through a mirror into the world that she can see beyond it. There she finds that, just like a reflection, everything is reversed, including logic (for example, running helps one remain stationary, walking away from something brings one towards it, chessmen are alive, nursery rhyme characters exist, and so on).
